PRIVACY RELEASE FORM

Due to the Privacy Act of 1974, Federal government agencies are prohibited from releasing any information without a person's written permission. Briefly state the nature of the problem (be specific):

GSA has a backlog in the proposals it has received from prospective vendors for SIN 520-4, Debt Collections. Realizing that the Department of Treasury / Financial Management Services (FMS) may move forward very soon with initial steps related to a new task order, possibly during the first quarter of 2006, GSA has indicated that it will only "fast track" its review of proposals with an express request from FMS. FMS decided not to provide that request.

Please state the ideal outcome you are seeking:

We wish that FMS will ask GSA to expedite its review of FMA's proposal and make an award for FMA to be on GSA schedule 520-4, if it is appropriate to make that award, in a timely fashion and without delay.

Congressman Culberson,

My wife recently became aware of a position with the GSA in Houston (Realty Services Specialist Transaction Management) for which she is eminently qualified, having devoted over 30 years of her career to corporate and commercial real estate. Her most recent experience, from 1999 to the present, has been in transaction management for corporate clients.

In attempting to apply for this position, she learned that it is only open to internal candidates. Parenthetically, she has been periodically unemployed over the past three years, and is currently; I have been unemployed continuously for over three years. We are trying desperately to save our house, as living on the street is our only alternative.

My question is this: with the current unemployment situation, why would the government restrict a position which does not seem to require any government clearance or specific requirements other than those needed to perform the job, to candidates who already have a job??

Thank you for continuing your service in Washington on our behalf.

Dear Representative Culberson:

Thank you for your letter of February 3, 2010, concerning your constituent (b) (6) regarding an announcement to fill a position in the U.S. General Services Administration (GSA).

The announcement was for a senior grade level Realty Services Specialist (Transaction Management), GS-1101-12/13 position. GSA determined there would be a sufficient number of qualified GSA employees to fill the position; therefore, this announcement was open to current GSA employees only.

We appreciate (b) (6) interest in GSA and would encourage him and his wife to apply for GSA positions announced on USAjobs.gov that are opened to the general public.

If you have any additional questions or would like to discuss this matter further, please do not hesitate to contact me. Staff inquiries may be directed to Ms. Trista Allen, Special Assistant. She can be reached at (817) 978-2321.

Sincerely,

The Honorable John Culberson
Member, United States
House of Representatives
Attn: Ms. Brittany Seabury
10000 Memorial Drive, Suite 620
Houston, TX 77024

Dear Representative Culberson:

Thank you for the opportunity to respond to the September 10, 2013, letter from your constituent (b) (6) regarding DA Mid South's work at the Tornillo-Guadalupe Land Port of Entry in Tornillo, Texas.

On April 20, 2011, the U.S. General Services Administration (GSA) awarded Turner Construction Company the new construction contract for the Tornillo-Guadalupe Land Port of Entry. On December 6, 2011, Turner Construction identified DA Mid South as the subcontractor working on the security system at this new facility. GSA does not hold a contract with DA Mid South, since this firm is a subcontractor to Turner Construction. Therefore, all communications from GSA related to the security system have followed proper contracting protocols and have been with Turner Construction. Turner Construction is solely responsible for communicating with DA Mid South.

GSA continues to work with the U.S. Department of Homeland Security's Customs and Border Protection and Turner Construction to resolve issues related to the security system. GSA issued a modification for required changes to this system to Turner Construction on September 12, 2013. Turner Construction and DA Mid South are presently proceeding with the procurement and installation of this system, with an estimated completion date in spring of 2014.

If you have any questions or concerns, please do not hesitate to contact me at (202) 501-0563.
